

A Powerful Revolutionary Approach to Becoming a Successful Network Marketer

Switched-On Network Marketing Seminar February 17, 2012 - Vancouver, BC

- Have you ever had a retail customer say "No" and you felt badly about it?
 - Have you ever avoided making phone calls?
- Have you found that asking for the order is difficult to do?

If you answer 'yes' to any of these
then

This seminar is for you!!

Switched-On Network Marketing is a practical yet dynamic training experience that integrates the left and right hemispheres of the brain by using very simple body movements called "Brain Gyms." These movements enable you to "switch on" your brain for each phase of the retailing and sponsoring parts of the process.

Switched-On Network Marketing is a networking success seminar based on the principal that you perform at your optimum -- mentally, physically and emotionally -- when your left and right brain hemispheres are able to function simultaneously.

Switched-On Network Marketing, developed by Dr. Jerry V. Teplitz, is based on the work of Dr. Paul Dennison and his concept of Educational Kinesiology. His methods, which were originally developed as a means of correcting learning disabilities, have been found to be applicable in the sales and management processes. This work is now used internationally as a way for people to make decisive changes in their lives. This seminar applies Dr. Teplitz's sales experience to the Network Marketing process.

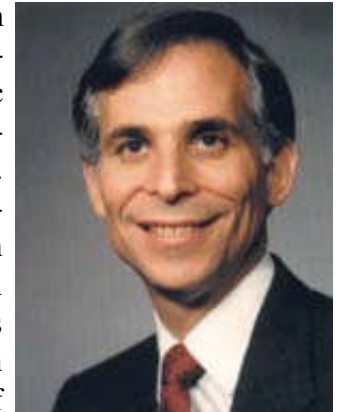

The National Association of Sales Professionals has recognized this concept in one of its accredited courses towards becoming a Certified Professional Salesperson

The results speak for themselves:

Downline Exploded Upwards

"When I attended the Switched-On Network Marketing (SONM) training, I had 5 people in my MLM downline. Less than one year later, I now have 37. The amazing thing is that I had virtually NO time for marketing, and I feel like I didn't DO anything. I attribute that experience of effortlessness to the SONM training."

Linda Clark, Young Living Essential Oils

Top Agent In The Office

"Before I completed your course, I was averaging one insurance sale a week, then afterwards it went to 2.5 sales a week. After five months of maintaining this level, I changed companies and my sales increased even more dramatically. After my first five weeks, I was the top agent in the office."

Veda Stone, Insurance Agent

Significant Action

"I took significant action in overcoming one of my weakest areas-cold phone calling. As a result of this seminar, I also had my two best months of sales ever immediately following the seminar."

David Durovy, Commercial Real Estate

Greatest Impact in Shortest Period

"The Switched-On experience had the greatest impact in the shortest period of time of any program I have seen in many years in sales management."

Robert Donovan, Director of Life Sales

Confident and Committed

"This seminar has changed my entire way of focusing on the people I talk to daily as well as my decisions on planning my days. I am confident and committed to continue building my Network Marketing Business."

Bobbi Greenstreet, Unicity Distributor

Change Within Two Days

"Two days after the seminar, I've already signed up a new member and am 2 days ahead on my "order-a-day" program. And most importantly, when I was getting my daughter ready for school, my usual buttons didn't get pushed."

Debra Mundy, Unicity Distributor

Make Calls With Confidence

"If I notice I feel some fear and hesitancy about making a call, I do a few of the exercises I learned in class. Immediately I'm able to make the call with confidence, energy, and clarity."
